## SPACIOUS SEATING SPACE, AND ERGONOMIC DESIGN ALLOW YOUR BODY TO RELAX COMFORTABLY

The 20.9-inch YARDCOM chair is far wider than ordinary chairs and has armrests, allowing you to sit on it and stretch your hands and legs as you please. Ergonomic design, the backrest is flush with the head, making the head and neck more comfortable. The 110° tilt angle provides perfect support for your back, so you won't feel tired even if you sit or lie down for a long time.

EVERY DETAIL IS PERFECTLY  
CONTROLLED AND CAN STAND  
THE TEST OF TIME

YARDCOM

Integrated stainless steel screws, the color is consistent with the appearance of the chair, not obtrusive, and has better structural stability

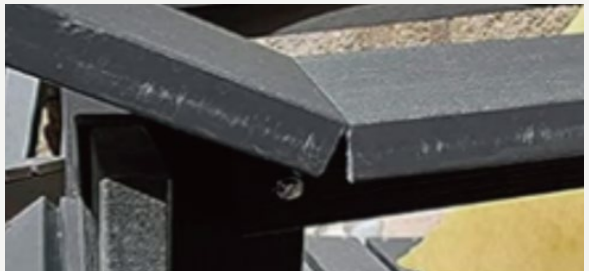

The joint is special designed for long-term use and structure stability

Other brands

Ordinary stainless steel screws, the color is abruptly exposed, poor stability and easy to rust and rot

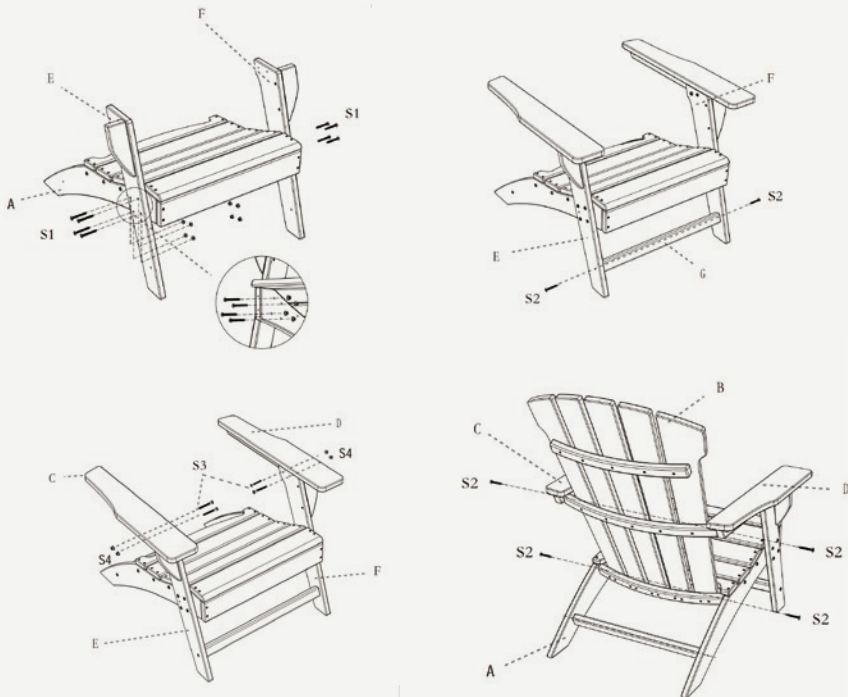

The joint structure is fragile and easy to loosen
